A checkmark [✓] indicates that a lesson has at least partially been completed by the participant. It may have been completed wholly. The number beside the participant's name indicates how many lessons he or she has contributed work on. The number below the lesson number indicates how many participants have contributed at least partial work for that lesson. Information in the table is presented so that those who have made the fewest contributions are listed at the top. These are they who may need to be contacted to see if they are struggling with the material or no longer interested in continuing on in the study.
